INFO

The Universal Ear Muffs are lightweight and robust general application earmuffs. The earmuff cups are filled with noise absorbent foam that protect your hearing from harmful noise. The padding on the on the outer edges of the earmuff cups provides excellent comfort when the earmuffs are worn for extended periods of time.

SPECIAL INSTRUCTIONS

Do not share ear muffs as ears can be exposed to ear infections. • The ear muff should be worn properly at all times in noisy surroundings. • The ear muffs should be fitted, adjusted, and maintained in accordance with the instructions provided on this packaging. If the recommendations are not adhered to, the protection afforded by the ear muffs will be severely impaired. • Regularly inspect for tears or cracks and replace if serviceability is suspected to be affected. • Spectacle frames and hair between the ear pad and head may affect the performance of the ear protector.
