### PRODUCT INFORMATION

<b>PROTECTION</b>	General purpose.
<b>MATERIAL</b>	<b>Coating:</b> Nitrile, palm coated. <b>Liner:</b> 13 gauge/polyester.
<b>COLOUR</b>	Black coating, red liner.
<b>PACKAGING</b>	12 pairs/polybag; 240 pairs/box.
<b>SIZES</b>	8/M, 9/L, 10/XL.

### KEY FEATURES

- Ultra-lightweight seamless liner offering suppleness, dexterity, and good breathability, thus reducing perspiration.
- Flexible yet robust nitrile coating with high industrial oil and corrosion resistance.
- Excellent tactile sensitivity with freedom of movement and enhanced comfort.
- Designed to reproduce the natural shape of the hand, for ease of movement and continuous wear.

### ENVIRONMENTS

Aerospace, automotive, warehousing packing and logistics, assembly, automotive, construction and public works.

### WONDER GRIP® TECHNOLOGY

#### GRIP

Our focus is on developing gloves that are thin and easy to use whilst providing the best grip through the design and material used for each glove. We believe grip strength will improve safety. The sponge-like coating on each Wonder Grip® glove mimics the suction cup characteristics found on the tentacles of an octopus. Our focus on maximising the quality, durability and grip potential of each Wonder Grip® glove design has significantly enhanced performance in dry, wet and oily conditions.

#### NITRILE

Nitrile has the advantage of being resistant to friction and oil. Wonder Grip® gloves have not only encompassed the advantages of nitrile but also dramatically improved their overall oil grip strength.
