ORANGE/NAVY TWO TONE FREEZER JACKET

ORANGE/NAVY TWO TONE FREEZER JACKET

A durable and dependable choice for staying warm, dry, and comfortable in even the toughest work conditions. Designed for optimal warmth and safety in cold environments, this Navy/Orange Two-Tone Reflective Freezer Jacket features a high-visibility two-tone design with reflective detailing, ensuring you're seen and protected even in low-light settings. Its insulated lining and robust waterproof outer shell provide exceptional protection against the elements.

Key Features:

- **Waterproof Outer Layer:**
- Crafted from durable 210D waterproof Oxford fabric
- Offers exceptional wind and waterproof protection
- **Quilted Polycotton Liner:**
- 270gsm quilted polycotton liner for superior insulation
- Keeps you warm in extreme cold conditions
- **Concealed Hood:**
- Integrated, easily accessible hood for added protection against rain and harsh weather
- **Two-Tone Reflective Design:**
- High-visibility color combinations available in Lime/Navy and Orange/Navy
- Reflective detailing enhances safety in low-light environments
- **Sizing:**
- Available in sizes ranging from Medium (M) to 2 Extra Large (2XL)
- Designed to ensure a comfortable and secure fit for various body types
- **Versatile Application:**
- Ideal for freezers, cold storage facilities, and any challenging weather conditions
- Perfect for workers in demanding, cold environments

This jacket combines functionality, modern style, and practical safety features to deliver reliable performance when you need it most.
